

Smart Digital Body Fat Scale

Well perception on your every body changes

Product Functions

Historical
Data

Real-Time
APP Monitoring

Cloud
Synchrodata

- Bioelectrical Impedance Analysis
- 18 body measurements: weight, body fat, water content, BMI, muscle rate, basal metabolism, etc.
- Witness your beautiful transformation by APP historical data & trends

Body
Score

4x G-type pressure sensors with 0.1kg weight score
Professional fast algorithm for accurate measurement

"4-Core" G-Sensor & More Perceptive

High-intensity Tempered Glass Against Impact
R40 tempered glass can carry weight up to 180kg

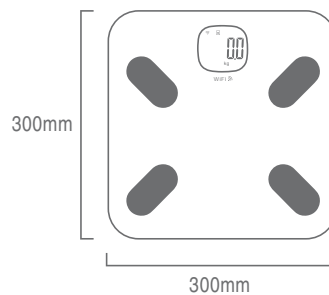

All-In-One Body Smart Scale for Long-Lasting Use

Airtight conditions improvement & prevent dust effective to extend the device life

Firm Base & Solid as the Rock

Anti-slip & anti-rollover with wear-resistant silicone pads
Safety assurance to elderly & children

Products Parameters

Product name: S2U - Smart Digital Body Fat Scale

Communication method: Wi-Fi

Product size: 300*300mm

Power supply: Dry Battery

Gross weight: 2KG

Product material: ABS+R40
